

CONVEYOR STORAGE CART

Optional cart makes our PMC conveyor truly portable.

We offer a variety of wheels for your surface needs.

It also allows you to store 100' of conveyor in a footprint of ~13'x2'

DAVID SAYS:

“Assembled 100 ft in 20 minutes and was able to get a full days use out of it. GAME CHANGER in moving plant product. Easy to operate, add on, and best of all made in the USA!”

Our available **DROP-IN-DRIVE** is unique to **RAPID-VEYOR!**

Simply attach to any non-motor section and you've got a powered conveyor. Allows versatility to gain the most use of your conveyor.

Variable speed, FWD/REV, requires 120VAC

Available for above or below the bed.

"Above" version allows bed to sit directly on the ground, also more horsepower than "below" version.

"Below" version requires conveyor on stands.
